

The Oasis Spin Volume 1 of 2 February 2024 Edition

Turfcare Center Update

Just a reminder that golf cart traffic is always tough on turf, but especially so in the winter months when the grass is not growing. Please do your part to help take care of the golf course. 2 carts per foursome, follow directional signs and ropes, and keep carts on the paths as much as possible.

The goal during the winter months is to protect the turf and ensure that we do not have any setbacks going into the spring and summer months. Please do your part.

Thanks, from Scott Polychronis, GCSAA

Announcement regarding tee time reservations starting March 1st

During the past year, the golf shop staff implemented a way for members to make calendars for their requested days of play, however the number of members who utilized this service is now completely overwhelming to the staff to have any chance of keeping with over 30 calendars. For those who utilized this service, you will now have to call the golf shop or book times via our website up to 30 days in advance.
